**2019 POOL OPENING PROGRAM**

Phone: (732) 505-0404, Ext.300  
Fax: (732) 505-1593  
service@nicholaspools.com

**POOL OPENING:** This service consists of the following:

Removal of cover, fold and place in your storage area, installing ladders, diving board, handrail, lights etc. Reassemble filter, pumps, shock pool and start up your system. Shock will be added to pools using **chlorine only\***

**\*PLEASE READ:** POOLS CURRENTLY ON A NON-CHLORINE PROGRAM must follow instructions to bring your pool up to the proper chemical level for Summer per your instruction manual. **YOU MUST INDICATE IN WRITING ON THIS FORM AND MAIL BACK**, as Nicholas Pools & Supplies will not be responsible for wrong chemicals being put into your pool.

Heater owners should be aware that the service technician will attempt to light the heater at time of opening. If it does not light, there may be a need to have the heater cleaned by a professional. (This is a separate service and needs to be scheduled.)

Remember, adding some shock and algaeicide to your pool water now will help avoid algae build up later. Please stop by our store to purchase these chemicals now.

**PLEASE NOTE:** It is the customer's responsibility to remove all the water and leaves from the pool cover and to then vacuum the pool after the opening. Nicholas Pools does not remove leaves left in the pool before the closing. Once the water and leaves have been removed from the cover, add fresh water under the cover to the middle of the skimmer. The pool must be filled to the middle of the skimmer so the service technicians can start up the filter system. Please leave your opening supplies (handrails, ladder, returns, baskets, plugs, etc) out. Also ensure that there is electrical supply and running water available for our technicians to complete the opening and start your pump and filter system.

**IF ANY OF THE ABOVE ARE NOT DONE OR ACCESS TO YOUR BACKYARD IS NOT AVAILABLE DUE TO LOCKED GATES, YOU WILL BE RESPONSIBLE FOR A TRIP CHARGE OF \$100 AND YOUR OPENING WILL HAVE TO BE RESCHEDULED**

If your D.E. Filter was not manually cleaned at the time of the closing, it is strongly recommended to do this now at the opening.

**All service is weather permitting**

**PLEASE MAIL OR FAX THIS PORTION OF CONTRACT TO NICHOLAS POOLS**
